

THIRTY-NINTH YEAR

BISMARCK, NORTH DAKOTA. THURSDAY, SEPT. 2, 1920

PRICE FIVE CENTS

CITY TEACHERS
FOR FALL TERM
ARE ANNOUNCED

Many Outside Students Will Be Entered in Schools Which Open September 6

SCHOOLS RANK HIGH

Strong Corps of Teachers Obtained and Equipment Put in Fine Shape

When the Bismarck schools open September 6 not only will the children of this city attend them, but a large number of boys and girls from the surrounding country and towns will be on hand to take advantage of the thorough and high-grade instruction offered by the schools of this city.

Due to the fact that experienced and trained teachers are scarce at the present time the complete list of teachers for the coming year could not be announced by Superintendent Martins until yesterday.

The entire staff of the Bismarck schools has now been filled. Some changes have been made, but many of the teachers of last year have been retained. The complete list of teachers for the coming year is as follows:

High School
C. F. Bolt, principal; Harry E. Aseltine, coach and commercial teacher; Miss Olive Kinsella, physics; Roy H. Neff, manual training; Irene Rostman, chemistry; Elizabeth Trine, Spanish; Catherine Doherty, physical training; Mabel Stratton, mathematics; Evelyn Sanford, English; Katherine Staley, home economics; Madge Runey, mathematics; Lillian Boise, English; Cora Van Seek, English; Erma Robertson, Latin; Margaret Welch, algebra (substitute).

William Moore School
Frances Mallory, principal and history; Hazel Tibbetts, grammar; Clara Kuzel, arithmetic; Esther Maxwell, geography; Ina Thorberg, third grade; Isabel Campbell, fourth grade; Helen Register, second grade; and Daisy Parson, first grade.

Will School
Ella O. Casselman, principal and fourth grade; Anna Doyle, sixth grade; Maye Peitz, fifth grade; Sara Andrew, third grade; Emily Diamond, third and fourth grades; Floy Votter, second and third grades; Eleanor Gustafson, second grade; Mabel Ganz, first grade; and Vivian Irlich, first grade.

Wachter School
Marie Nuber, principal, fifth and sixth grades; Blanche Duffin, third and fourth grades; Emma Voros, second grade; and Elsie Bauer, first and second grades.

F. H. Richholt School
Ella Larson, sixth grade; Effie Campbell, fifth grade; Jennie Gilliland, fourth grade; and Mabel Knudsen, third grade.

Kindergartens
Matilda Williams, principal; Anna Mullaney, teacher; school; Lola Pierce, assistant. Will school.

Supervisors
Mary Boyesen, grade music; Hazel Langburn, penmanship; Jean Campbell, superintendent's secretary; J. M. Martin, city superintendent.

SNIPERS FIRE
INTO CROWD IN
BELFAST RIOTS

One Man Is Fatally Injured—Many Shops Are Looted During the Day

Belfast, Sept. 2.—Snipers fired into a dense crowd shortly before 11 o'clock last night near the Krumlin road and for a time panic reigned in that section. One civilian was fatally injured by a bullet fired by one of the snipers and although soldiers were rushed to the scene the men who did the shooting escaped.

During a small riot in Dover street one man was seriously wounded. At 11 o'clock the hour at which the curfew ordinance is effective, the streets were almost deserted.

Yesterday several persons were injured by snipers in the northern part of the city. Their were no pitched battles as on Monday and Tuesday but feeling was bitter between the contending factions and at times only the opportune intervention of police or soldiers averted serious conflict. Many dwellings and stores were looted during the day and rumor of new attacks made by the respective factions kept the city in a state of excitement.

BOLD, BAD I. W. W.
HITS JAMESTOWN,
BUT DOESN'T STAY

Jamestown, Sept. 2.—A rent six-foot I. W. W. organizer, armed with revolvers and a rifle, and a loaded .45 calibre army pistol, and a few other articles, including a bottle of perfume, was invited to leave Jamestown by the police, and he is on his way, with a promise never to return.

The police had received word from Dickey that the man was coming to Jamestown. A reception committee met him at the station.

He was rather talkative in police court and declared Governor Franklin was the man to organize the I. W. W. in the state.

THE MARION 'UM-PAH' MAN

MARION, O.—Senator Warren G. Harding can still play the "um-pah" horn. The G. O. P. candidate proves it occasionally by performing with the home town band. This photograph was taken at Marion recently when he joined the band for a few selections.

RESERVE BANK
HEAD REFUTES
FAVOR CHARGE

Young Declares Agriculture Interests Are Aided by the Reserve Bank

QUAMME MADE COMPLAINT

Minneapolis, Minn., Sept. 2.—Declaring that the Federal Reserve bank of the Ninth district has at all times exerted every effort to take care of the basic industries of the Northwest, Roy A. Quamme, governor of the bank today took exception to charges made at a meeting of bankers and business men at the St. Paul association that the Federal Reserve bank has discriminated unfairly against the agricultural and live stock interests of the district.

Mr. Quamme declared that the Federal Reserve bank is ready at all times to give the necessary assistance for reasonable demands to aid in the production and distribution of agricultural and live stock products. He said the amount of agricultural and live stock paper carried by the Federal Reserve bank at present approximates \$8,000,000 as compared with \$15,000,000 of commercial and industrial paper. The live stock industry of Montana alone, he said, has been advanced \$10,000,000 since the first of this year.

Quamme, not complaining of the Stock Yards bank of South St. Paul today stated that he did not attend the South St. Paul meeting, adding that he saw no occasion for assailing the methods of the Federal Reserve bank. Mr. Quamme said he personally had not complaint to make regarding dealings with the Federal bank, and he stated that he considered the South St. Paul meeting of a criminal nature.

At this meeting it was charged that the Federal bank, yielding to pressure of Twin Cities bankers, had discriminated unfairly against the farmer in the distribution of credit until a condition potent with danger to the financial stability of the northwest was developing.

It also was charged that immature cattle were being marketed because a sufficient credit prevented the farmers from holding the cattle.

"Passyfooting" Is Charged
E. G. Quamme, president of the Federal Land bank, St. Paul, who attended the meeting, expressed the conviction that most credits are extended to speculations and nonessential purposes.

"The bankers of the Twin Cities have long pussyfooted to the Federal Reserve bank until it has built up an oligarchy that is deplorable," Mr. Quamme said.

J. H. Hay, deputy commissioner of agriculture for Minnesota, expressed the opinion that agricultural conditions are better here than in other states. W. A. Williams, secretary of the South St. Paul Commercial club, said he had heard many complaints regarding alleged discrimination. Otto M. Nelson, president of the First National bank of South St. Paul, complained of condition in Montana, where, he stated, there is a shortage of more than 1,000,000 head of cattle.

ALCOHOL LIMIT
URGED IN SWEDEN

Stockholm, Sept. 2.—Prohibition of all drinks having an alcoholic content exceeding 2.5 per cent is urged by a committee produced in 1911 to consider the liquor question. The committee proposes that absolute prohibition be submitted to a vote of the Swedish people. The report refers to the sensational results of prohibition in America.

ROAD IS NO GOOD,
SO HE BUILDS ONE

FINDLAY.—Unable to persuade township trustees to improve a road in front of his home in Cass township, George Smith is building a road of his own on his land just inside the fence, for a distance of 80 rods. "No Trespassing" will read the sign he intends to post after it is completed, he says.

CAMPAIGN FUND
INVESTIGATORS
ADJOURN TODAY

Will Meet Again Sept. 7 to Hear Evidence of Edmund Moore, Cox Representative

Chicago, Ill., Sept. 2.—The senate committee investigating campaign funds adjourned shortly after noon today.

Senator Edmund Moore, of Ohio, Governor Cox's personal representative testified.

Chairman Kenyon announced that the committee would meet again on Tuesday, Sept. 7, to hear more and other witnesses. Senator Kenyon's decision to recess until Tuesday was dictated to permit several members of the committee to keep engagements elsewhere on Saturday and on Labor day.

Mr. Moore, who was present throughout the session, was requested to come back and present evidence of the alleged Republican plan to raise a \$15,000,000 campaign fund.

Mr. Moore told newspaper men that he was prepared to prove that the Republican party announced last February that the expected to raise a \$15,000,000 campaign fund.

SIX ARE SHOT
OVER ALCOHOL
TAKEN OFF CAR

Proctor, Ill., Sept. 2.—Sheriff Robert Clay, of Tazewell county is in a hospital with a shattered leg while two other men, who were driving a car, are believed to be dying in a hospital today and four others are in the same hospital suffering from wounds.

The men were wounded in a pistol battle early this morning when the sheriff and three deputies came upon a car containing seven barrels of alcohol valued at \$20,000, which had been stolen at Wesley City from a railroad train.

GOMPERS ASSAILS
C. OF C. STAND

Washington, Sept. 2.—The "open shop" platform recently adopted by the American Federation of Labor has been assailed by a referendum vote in a statement by Samuel Gompers, made public last night, which said the executive council of the American Federation of Labor had considered the platform at a recent meeting.

"The entire declaration is a cunning trick calculated to create the impression of a split," while violating the basic principles of democracy," Mr. Gompers said. "It is calculated to break the trade union organization while pretending to acquire in the actual desires of the workers."

The staff of Persimmon possesses an armchair made of solid gold, initial with precious stones.

COX, ON CIRCLE
SWING, ENTERS
N. D. NEXT WEEK

Will Speak on Labor Day at the Minnesota State Fair, and Then Hit Grand Forks

WILL TOUCH 22 STATES

While Governor Is Speaking in West, Franklin Roosevelt Will Tour East

Columbus, O., Sept. 2.—With E. H. Moore, Governor Cox's manager in Chicago ready to furnish the senate sub-committee investigating campaign expenditures with alleged documentary data intended to back up the Democratic presidential candidate's charges of a \$15,000,000 campaign fund being raised by the Republicans the Democratic candidate himself was working at top speed today to clear up accumulated sine business before starting on his western tour.

Governor Cox's departure tonight on his "swing around the circle" will take him into 22 states before he returns to Dayton, Oct. 4. His itinerary calls for 67 extended addresses, an average of two daily, not including innumerable rear-platform talks. Between 8,000 and 9,000 miles will be traveled by the governor on the trip, mostly on regular trains, with numerous automobile side trips.

Has Private Car

The Governor will have a private car, the Federal, used in the past by President Wilson and former President Taft, and at least two other cars for others of his party, including the Governor's secretary, Charles K. Morris; Joseph Stinnott, representing the Democratic national committee, a score of newspaper correspondents, publicity men and others.

The Governor's tour opens on Friday in Michigan. He will be met at Toledo by a state committee and after rear platform addresses he will speak about noon at Jackson, at an open air gathering, and make two addresses at Lansing.

Enters North Dakota

On Saturday he will speak at Milwaukee, spent Sunday at Chicago and on Monday in the Twin Cities, making his principal address there at the Minnesota state fair. His first stop in North Dakota will be in Grand Forks. On the western swing the Governor will visit the principal cities and many of the minor ones in North Dakota, Montana, Nevada, California, Arizona, New Mexico, Colorado, Wyoming, Nebraska, South Dakota, Iowa, Kansas, Oklahoma and Missouri, closing his trip Oct. 3 at St. Louis.

While Governor Cox is west his running mate, Franklin D. Roosevelt, will be speaking in the east with plans for a conference in Dayton Oct. 4 or 5 before Mr. Roosevelt makes another western trip. The Governor will spend October in the middle west, east and some of the southern states. Both are to close in their home states Saturday, Oct. 3.

PLANS MADE TO
MAKE CAMPAIGN
IN BURLEIGH CO.

Representative Meeting Formulated Plans for Strong Fight in Fall

Burleigh county's campaign against the socialist regime will go forward this fall unabated. Plans are under way to interest the women of the county and it is likely that an auxiliary to the regular executive committee will be selected. At a meeting held last evening of Burleigh county workers who are out to put the fusion ticket over the following executive committee was named: Harry Goddard, E. W. Wanner, Charles Anderson, Judge E. T. Burke and J. H. Riley, Sterling.

Organization plans were left solely to this committee. It will select an executive secretary and confer with the leaders in the suffrage ranks relative to their active participation in the campaign.

Fred Peterson presided as temporary chairman of the meeting and H. H. Wilcox was temporary secretary. There was a representative attendance of business men who are interested in the success of the fusion ticket.

J. F. T. O'Connor, candidate on the fusion ticket for governor, was present and in a brief but stirring address indicated the type of campaign which his mission was. He declared that his mission during the next few months was to try and wipe out the spirit of class warfare and win the people back to constitutional government untroubled by dictators or caucuses.

He explained that North Dakota was an empire in itself and that the campaign offered many perplexing problems. Larger than the New England states, it had the territory of the fusion ticket must cover between now and November. He said that his schedule included as much as five speeches a day. He will open his campaign at Washburn this evening.

Theodore Nelson, secretary of the Independent Voters' association, was present and explained the general plans for the fall campaign.

Enthusiasm was shown by the workers and an ovation given Mr. O'Connor when he entered the hall.

WOMEN HONORED
IN ORGANIZING
OF COMMITTEES

Anti-Townley Republicans and Democrats Give Full Representation to Women

LEAGUE "HALF PORTION"

Three Separate Political Meetings Held, Anti-Townley Men Assailing League Body

North Dakota women will have an opportunity to take a big part in the fall political campaign.

Representation is accorded them on the state political parties, the action being taken at the regular organization meetings of the parties held yesterday afternoon in the state capitol. The Democrats and anti-Townley Republican state committees voted to give equal representation to women of the state committees, and provided for their immediate selection. The Republican state committee dominated by the Nonpartisans voted to give women representation, but did not specify the number and left the matter for the decision of the officers. It is understood a few women will be named on the committee.

Three separate meetings were held. The Republican state committee is dominated by the Nonpartisans by a small majority, as a result of the election of state committeemen in meetings in the 49 legislative districts. The committee was called to order at 2 p. m. by William Lemke, chairman.

Anti-Townley representatives on the state committee, taking the position that the Nonpartisans are not bona fide Republicans, refused to enter into the meeting, and held an anti-Townley state committee meeting organization meeting. The Democratic committee made a third assembly. The action of the league-controlled committee in adopting a mild resolution commending Harding and Coolidge was not unexpected. The resolutions adopted referred chiefly to the state. The anti-Townley committee adopted resolutions endorsing the national Democratic platform and opposing socialism in the state.

No action was taken by any of the committees toward the fusion ticket state campaign, except general approval, which is to be managed by a joint committee of Republicans, Democrats and representatives of the Independent Voters' Association.

No action was taken by the anti-Townley Republican state committee toward naming a candidate for United States senator to oppose Dr. F. F. Lund, Nonpartisan.

Anti-Townley

The anti-Townley state committee was called to order by Treadwell Twichell, chairman of the committee organized last year. H. J. Hughes, of Wahpeton, was named as follows:

Chairman, Judge B. F. Spaulding, Fargo.

Secretary, H. J. Hughes, Wahpeton. Treasurer, Ole Elsdon, Hatton.

There were twenty-seven legislative districts represented by delegates or by proxy. Among the delegates present were: L. L. Twichell, Fargo; W. F. Cushing, Beach; O. P. Bryant, Napoleon; Theodore Koffel, Bismarck; P. W. Eddy, Jamestown; and Jerry Bacon, of Grand Forks, publisher of The Grand Forks Herald.

Discussing organization methods the division of the state into ten zones was agreed upon. Zone chairmen, to be in general charge of the campaign in the various counties within the zones, were named. Not feeling able to select the women chairmen, who are to have equal authority with the men, the committee left this to the men, chairman, who will name them upon recommendation of the members of the state committee.

Zone chairmen were named as follows:

First—J. D. Bacon, Grand Forks. Second—George Dickinson, Minnegan. Third—Victor Corbett, Minot. Fourth—J. T. Austin, Williston. Fifth—Herman Lantz, Taylor. Sixth—O. B. Severson, Hettinger. Seventh—J. J. Ryan, Leith. Eighth—Theodore Koffel, Bismarck. Ninth—P. W. Eddy, Jamestown. Tenth—Treadwell Twichell.

The method of selecting the zone chairmen was arrived at after long discussion.

The resolutions adopted by the committee were read. During the discussion Treadwell Twichell gave some observations on the campaign, stating his opinion. He declared there could be no temporizing with the league forces. "It is not easy for me to understand why Tom Hall received more votes than Langer," he said. "Langer and Hall spoke on the same platform many times and I am told that in every case Hall received a greater vote from that district than Langer. Hall told them that he had a belly full of the whole thing and Langer told them he was willing to take part of it."

The resolutions adopted may be found in detail on page 2 of this paper.

League Body

The Nonpartisan-controlled state committee moved through its work in haste. Everything apparently had been prepared and there was little discussion.

Columbia was named by Chairman Lemke. P. R. Garberg was named for the certification of the Russian-Polish peace negotiations.

(Continued on Page Two.)

WOMEN VOTE, WELL,
"WHY NOT SMOKE?"

KANSAS CITY—"We vote, so why not smoke?" asked Mrs. Dorothy Hultseder in court against her husband, whom she accused of using force in an effort to "break her" of the habit of smoking. The court ruled that it was no worse for a woman to smoke than for her husband.

NATION'S DEBT
WITH RAIL LOSS
IS 24 BILLIONS

Treasury Department Report Shows Railroad Operating at Less Than Expenses

BONDS ARE REDEEMED

\$2,500,000, Mostly of Third Issue, Are Taken by Treasury Department

Washington, Sept. 2.—Federal guaranty of railroad earnings resulted in an increase in the public debt of \$101,755,000 during August, according to treasury figures issued today, showing the nation's gross debt to be \$24,324,672,000.

Treasury records charge the increase in public debt to an issue of certificates of indebtedness offered August 16 to cover payments to the railroads under the guaranty provision of the transportation act.

Advances of \$160,000,000 probable deficit during the month were said to have reached nearly \$160,000,000 and on that basis they figured there would have been a slight reduction in the public debt had not the earnings guaranty been in effect. Payment to the roads in August do not correctly indicate the amount which they will be entitled to when a final accounting for the six months period over which the guaranty extended is made. It was added.

Liberty Bonds Paid

As a result the drain on the treasury probably will continue for several months but officials believed it would be possible to clear up all transactions with the railroads with the exception of the revolving fund by the opening of the new year.

The figures made public today show a reduction of approximately \$2,500,000 in Liberty bonds during the last 30 days, about \$1,500,000 of which were of the third loan.

RUSSIAN ARMY
ANNIHILATED,
POLISH CLAIM

Force Attacking Lemberg Is Outflanked, Drawn Into Trap and Slaughtered

RUSS ADMIT REVERSES

Warsaw, Sept. 2.—The Bolshevik army of General Budenny, noted cavalry leader, was annihilated during the operations in the Lemberg sector which began August 29 and ended Sept. 1, says the Polish official statement on military operations issued today.

Isolated detachments of the Budenny forces succeeded in escaping and in disorderly retreat. General Budenny's mounted men had been endeavoring to break through the Polish line and march on Lublin. They had nearly completed an entire movement against Lublin, midway between Lublin and Lemberg, but were outflanked by the Poles and attacked from the east, the communication states.

Capture Guns

The engagement resulted in defeat of the Soviet forces along the entire center of the front and the Russians were compelled to retreat in disorder, with the Poles in close pursuit. The Bolsheviks lost heavily in killed and wounded, adds the statement, the Poles capturing thousands of prisoners, 15 guns and enormous quantities of material.

The operations were carried out in accordance with the Polish battle plan which had led the Russians into a trap in which they were attacked on all sides.

Besides announcing the victory of Budenny the communists reports successes along the entire center.

ADMIT DEFEAT

London, Sept. 2.—The Russian Soviet forces endeavoring to encircle Lemberg have retired to the eastward under Polish pressure, says the Soviet official statement of Wednesday received today by wireless. Some success for the Soviet troops are reported on the center of the fighting front.

OCCUPY SENNY

Paris, Sept. 2.—The Poles have occupied Seny in Lithuania, east of Szwedki, for strategic reasons. The foreign office announced today. They also are advancing toward Szwedki.

PEACE DELEGATES LEAVE

Warsaw, Sept. 2.—Members of the Polish peace delegation remaining in Minsk have been recalled to Warsaw. They will leave Minsk Friday and are expected here Friday. Joining the delegation already in Warsaw. The Polish representation then will proceed to Paris as any other neutral peace negotiators for the certification of the Russian-Polish peace negotiations.

52 ANTHRACITE
COLLIERIES ARE
REPORTED IDLE

Miners Take "Vacations" as Protest Against Commission Wage Awards

COMMITTEES TO CONFER

Early Resumption of Coal Mining Predicted by Miners' Leaders

Wilkes-Barre, Pa., Sept. 2.—The anthracite coal industry was seriously handicapped today when the insurgents of the United Mine Workers of America walked out.

It is estimated that 100,000 out of the 175,000 anthracite mine workers failed to report for duty today. One hundred and eight out of the 300 collieries in district one, seven, and nine are idle today.

No disorders were reported and the "vacation period" set in without display on the part of the rank and file of the insurgents.

The big companies were hardest hit. Independent concerns report their collieries working with the working force reduced 25 to 50 per cent.

Washington, Sept. 2.—Complete tie-up of 52 collieries in the ninth district of the Pennsylvania anthracite field was reported today to the department of labor, in the first official advice received as to the "vacation" walk-out movement in the region.

Twenty-eight collieries in the same district were reported working with reduced personnel.

In the Panther creek valley 20 collieries were reported idle.

SCALE COMMITTEE MEET

Scranton, Pa., Sept. 2.—While many miners throughout the hard coal fields remained on what they term a "vacation" as a protest against the terms of award of the anthracite coal commission the scale committee representing the operators and workers met in a joint conference here today for the purpose of finally accepting the award after six months of negotiation, investigation and arbitration.

It was said by some representatives of the mining industry that the operators might balk at signing the agreement at once while thousands of men are idle. The signing of the new wage scale carries with it the paying of \$8,000,000 to the miners of back pay, dating from April 1. As miners do not care to lose their back pay it was said today they will take no chances and the leaders will urge the men to return to work.

The union leaders declare that the men who went on "vacation only" did so without the sanction of the organization.

ORDERS STRIKE

Indianapolis, Sept. 2.—John L. Lewis, president of the United Mine Workers of America, late yesterday issued an order for a general strike in the bituminous coal fields in Alabama. The order followed a report made by the organization committee of the international executive board.

The report declared the coal operators had failed to put into effect the award of last March. It said the miners were working for wages far less than those specified by the commission, and declared every attempt to arrange a conference with the coal operators of Alabama had failed.

RIOT CASE TO
REACH DULUTH
JURY TONIGHT

Henry Stephenson, Charged With Participation in Lynching, Soon to Know Fate

Duluth, Sept. 2.—Henry Stephenson, first of twenty-one men to be tried in district court for the riot and riot charges, an attorney for the defense, charged with an attempt to lynch three negroes June 15, probably will learn his fate late today.

While Stephenson's trial is drawing to a close, states' attorneys in adjoining courtrooms are amassing evidence in the cases of Leonard Hedman and Wm. Rozen, also charged with murder and lynchings.

After two days in which the prosecution presented its case against Stephenson, seven witnesses stood the stand to establish an alibi for him. Stephenson was on the stand when the court adjourned. He was expected to be called again today to submit to cross-examination.

3,000 KOREANS
DIE OF CHOLERA

Seoul, Korea, Sept. 2.—Nine thousand cases of cholera are reported in Korea, of which 3,000 deaths have occurred, according to health officials here.

Great difficulty in fighting the malady is attributed to the fact that the cholera is spreading to the south, and to the fact that the Korean people are in a state of panic, and are not taking proper precautions to prevent the spread of the disease.

ALL HIS NEIGHBORS ARE NOW TAKING IT

Robinsdale Farmer Says Tanlac Is Proving a Blessing in His Community—Feels Fine All the Time

"Tanlac has fixed me up so fine that all my neighbors are now taking it," said Barney Aylo, a prosperous farmer who lives on R. F. D. No. 2, Robinsdale, Minn. "My troubles all started two years ago when my stomach got out of order," he said. "A few months ago I took a sudden turn for the worse. My appetite left me and what I ate seemed to do me more harm than good. Everything seemed to sour on my stomach and fill me up with gas that nearly choked me. My back hurt me like a knife was sticking in me. I was nervous and restless and would often lie awake half the night without sleeping a wink. I was weak and all run-down and never felt fit for work. "But Tanlac has made such a difference in me I don't feel there was ever anything at all the matter with me. My appetite has picked up and I can digest anything and everything I eat. My back never hurts me, my nerves are as good as they ever were and I sleep like a log every night. I simply feel fine all the time and can do a day's work without feeling all fagged out. My friends and neighbors know how Tanlac has fixed me up and I want to tell everybody else what I think of it."

Tanlac is sold in Bismarck by Jos. Breslow, in Driscoll by N. D. and H. Barrette, in Wing by H. P. Hoffman and in Strasburg by Strausburg Drug Co.

The platinum rubles of Russia which originally represented \$7.00 worth of metal, are now valued at \$54.00.

LORD MAYOR OF CORK HAS GOOD NIGHT; CHEERFUL

London, Sept. 1.—Lord Mayor Terence Mac Sweeney spent a restless night in prison and secured several snatches of sleep. Although weak he was bright and cheerful this morning.

There were unmistakable signs of malnutrition and his eyes were showing his poor physical condition. His brother remained with him in the prison during the night.

DEM CHAIRMAN ON THE STAND FOR COMMITTEE

White Says That \$2,000,000 Is Sufficient Campaign Fund for National Fight

UPHAM GIVES FIGURES

Answers Cox's \$15,000,000 Charge by Showing Just What Quotas Are

Chicago, Ill., Sept. 1.—George White, chairman of the Democratic national committee state before the senatorial investigating committee today that he had no evidence to sustain anyone of the charges made by Gov. Cox, his party's presidential candidate, as to the Republican campaign funds and the "alleged desire of the contributors to have established the bayonet of the puppet in office."

He told Chairman Kenyon that he believed that the charges were true because he had confidence in Gov. Cox, but he had not discussed them in detail with the nominee and brought nothing from him to aid the committee in sifting the investigation.

Chicago, Ill., Sept. 1.—George White, chairman of the Democratic national committee today testified before the senatorial committee which is investigating campaign funds that he thought a \$2,000,000 fund for the national campaign committee would provide for an adequate campaign.

"I have not yet appointed a campaign fund committee," he explained. "I intended to do so this week, but was delayed by the call to come here. Consequently my estimation is made as an individual." The Democratic committee has not yet made up a budget, he said, but added that the various bureaus were pressing him for the appointment of the campaign fund committee as soon as possible.

Senator Spencer, who presides at today's meeting, owing to the absence of Senator Kenyon, drew forth the information that the national headquarters of the committee was in the Grand Central Palace in New York City, with branches in Chicago, San Francisco, and Washington.

The Republican national committee received \$1,017,265.32 in contributions for both national and state campaigns between June 14 and Aug. 26. Mr. Upham, national treasurer, told the senate committee of this sum, he said, \$618,013.64 was for the national campaign and \$399,251.68 for state purposes.

With his report Mr. Upham presented to the committee the names of 12,559 contributors who had donated to the fund and fixed their average contributions at \$32.11.

Mr. Upham also presented a budget showing the committee had planned to spend \$3,079,037.20.

A sheet read into the record by Mr. Upham showed, he said, the amount collected in each state for state and national campaigns, with the state totals.

North Dakota and Wyoming were the only two states not included in the list.

The Republican national committee, the treasurer said, has borrowed money to meet current bills, as contributions were coming in very slowly. He offered figures showing about a quarter of a million dollars of the amount already contributed is still outstanding in unpaid pledges. His statement of cash receipts and disbursements listed \$460,000 as borrowed. The national committee has loaned \$200,000 to the congressional campaign committee and \$50,000 to the senatorial campaign committee. He said the state committee of Maine has borrowed \$25,000, Indiana \$1,000, North Carolina \$7,000, and Maryland \$5,000. The national committee has \$155,125.31 on hand.

Legislative Fund

Seven hundred thousand dollars was added to the Republican campaign chest figures presented by Chairman Hays yesterday when Mr. Upham revealed that the Republican senatorial and congressional campaign committees are to raise independent funds. He testified that the national committee had agreed to loan the senatorial committee up to \$500,000 and the congressional committee \$200,000 to be returned when they collect their own funds.

Mr. Upham explained that only \$600,000 of the loans could be spent in the 1920 campaign as the senatorial campaign was to get only \$400,000 before Nov. 2. The other \$100,000 is to be used to finance future campaigns.

Senator Reed, cross examining Mr. Upham, brought out the fact that money advanced the two committees was on straight loans and not included in the budget for approximately \$4,000,000 which Chairman Hays told of yesterday.

"Where will they get the money to pay back these loans?" Senator Reed asked.

"From Republicans,"

Additional Sum

"That means they will raise that money in addition to the budget you raise, and return it to you?"

"Yes."

"There will be just that much more added to your campaign fund?"

"Not to our fund."

"We need not equivocate. You know and I know, Mr. Upham, that when money is put into any campaign fund it is put there to help all the candidates."

Early in his examination Mr. Upham denied that there had been any cases of subterfuge in connection with the limitation of individual campaign contributions to \$1,000. He told Senator Kenyon, who brought up the topic, that there were eight gifts of more than \$1,000 but that none of these exceeded \$2,500.

More Figures

Mr. Upham said the unpaid pledges at hand last Thursday totaled \$291,562.22 and that Senator Reed had about \$300,000 of this would be available for national committee use the balance being allocated to various states in which the money was raised. The Missouri senator then had the witness state that the committee inherited \$246,621.27 and debts of approximately

DORT

Quality Goes Clear Through

No small measure of the satisfactory performance of the Dort is directly due to its simple design and accessible construction. Owners find it so easy to make the occasional minor adjustments that the Dort rarely visits the shop.

POLISH FORCES DRIVE FORWARD AGAINST RUSS

Warsaw, Sept. 1.—Polish forces advancing toward Grodno early today reached the bank of the Neron river, which flows north, according to reports from the northeast front.

The great part of eastern Galicia has been covered by the Polish and Rumanian troops and they are masters of the left bank.

The siege of the Bolshevik continues along the upper reaches of the Bug river to Sokol. Twenty-five miles southeast of Lemberg the Poles have routed the Soviet forces.

Near the Serth the Bolshevik have been forced to retreat hurriedly to avoid being surrounded by the advancing Polish forces.

SPEAKING TOUR FOR O'CONNOR COVERS STATE

J. F. T. O'Connor, fusion ticket candidate for Governor, who was in the city today attending the committee organization meetings, plans a speaking tour which will carry him into every part of the state.

Plans for the tour were considered while here, and a schedule now is being drawn up. Immediate speaking dates of Mr. O'Connor follow:

Thursday, Sept. 2—Washburn, 8 p. m.

Friday, Sept. 3—Center, 3 p. m.; Hazen, 8 p. m.

Saturday, Sept. 4—Beulah 10 a. m.; Zap., 12 noon; Golden Valley, 2 p. m.; Dodge, 5 p. m.; Halliday, 8 p. m.

Sunday, Sept. 5—Killdeer

Mr. O'Connor's tour will carry him into the league strongholds of the state, where he will devote most of his time

kept up to standard, and in every way the "show" will be worth a journey to see.

The big Westernman Carnival Co. has been engaged for the fair week, and this in itself is a tremendous drawing card.

All the details will be presented to you from time to time. Just say you'll meet us at the fair.

Dr. F. K. Bjornson and Max Norgran of the committee in charge of the stock exhibits at the fair made a trip to Leith and other Grant county towns and report that the best stock in Grant county, cattle and hogs, will be at the Missouri Slope fair. Although the fair is still several weeks off entries have been received for fifty head of cattle, twenty-five sheep and forty hogs and this is not half of what is expected. Look, like the stock show in itself will be a feature worth coming to see.

ROOSEVELT IS HELD AT FAULT FOR BIG WASTE

Britten Says Democratic Candidate Cost Government \$41,000,000

'HAMPTON ROAD SCANDAL'

Chicago, Sept. 2.—(Recalling the notorious Hampton Roads scandal, where \$41,000,000 was "dumped into a naval base at Norfolk, Va., and other cases of gross extravagance and mismanagement for which Franklin D. Roosevelt as assistant secretary of the navy was in large share responsible, Congressman Fred A. Britten of Illinois in a speech here tonight struck hard at the efforts of the Democratic vice-presidential candidate to make it appear he is a great champion of economy in government expenditures.)

Congressman Britten said, "The off-repeated public statements of Franklin D. Roosevelt, assistant secretary of the navy, in his quest for votes, that the present Republican Congress has been extravagant and that he and his son-in-law, who were elected to give the country an economical administration, are certainly not in accord with his management of tremendous expenditures in the Navy department."

"I recall the Hampton Roads scandal where \$41,000,000 was dumped into a naval base at Norfolk, Va., and \$7,000,000 unnecessary never-to-be-used training station, called East Camp, was erected after the armistice."

"The contractor was awarded a \$3,445,000 contract, which amount was increased by supplemental agreement, 'extras' by more than 100 per cent to approximately \$7,000,000. All after the armistice, in development of an enterprise known throughout the American navy as the 'gold mine' because of the vast profits supposed to have been made by contractors. In the Norfolk district where the War and Navy departments combined dumped more than \$250,000,000 within a radius of 20 miles."

"The only reason that the East Camp has not been salvaged before now is because the assured scandal in selling just prior to a national election, a \$7,000,000 plant for \$5,000,000, so that instead of saving at least the latter amount the \$10 buildings which are of frame construction are being allowed to rot and fall to pieces, thereby creating a total loss."

"Some departmental genius, probably Franklin Roosevelt himself, conceived the idea of making a 360-acre aviation field at Hampton Roads by dredging sand and mud out of the Roads and pumping it back on a breakwater. Rear Admiral Parks, chief of the bureau of yards and docks told me that this capricious cost the government \$2,125,000, or \$50,000 an acre for a field which might easily have been acquired on much better land, for \$200 an acre."

AMERICAN GIRL AIDS POLISH WOUNDED IN WAR WITH REDS

ANNA WICHNIARK

BUFFALO—A Polish-American girl, Miss Anna Wichniark, of this city, is serving with the Polish White Cross, aiding the Polish wounded in the war with the Bolsheviks. Miss Wichniark was in France as a nurse and interpreter during the World War. Afterward she went to Poland along with other Polish Legionnaires.

RAINFALL COVERS MOST OF STATE

Nearly the entire state received good rains in the last twenty-four hours, the report of the weather bureau shows. Precipitation for the week was unseasonable, with a probability of more rain.

Exceptionally heavy rain was reported from Pontiac in the northwest part of the state, the rainfall totaling 2.9 inches. At Grand Rapids it was 1.9 inches. The total rainfall in Bismarck was 1.2 inches at other points below.

At other points below: Bismarck, 1.2; Willmar, 1.0; Dickinson, .9; Grand Forks, .8; Jamestown, .7; Devils Lake, .6; Minot, .5; Fargo, .4; Moorhead, .3; Bottineau, .2; Wahpeton, .1.

MAJ. WELCH GIVEN TRADITIONAL BOW BY SIOUX TRIBE

Ft. Yates, N. D., Sept. 2.—Major A. H. Welch, of Mauden, gave the traditional address here as a testimonial to the late Sioux Chief John Grass.

At the ceremonial feast in the afternoon the Indians presented Maj. Welch with the traditional bow of the Sioux, which the older Indians claim to be close to 200 years old. The bow was given to the late chief by his grandfather, who received it from one of the first French settlers in this territory.

MANDAN BANK IS MOVED WEDNESDAY

The equipment of the State Bank of Morton county was moved to the Farmers' Equity bank late Wednesday afternoon.

A deed for \$100,000 worth of land, in control of W. A. Lanterman, was recorded during the day. A. H. Peterson, who assumed the cashier's duties of the Equity bank, started in this new position today.

MARKETS

Chicago Livestock
Chicago, Sept. 2.—Cattle receipts, 12,000. Good to choice steers mostly 25 cents higher. Bulk choice \$17.00 to \$17.75. Bulk good and choice veal calves, \$17.00 to \$17.50.

South St. Paul Livestock
Receipts, 1,700. Mostly 10 to 15 cents lower. Range, \$13.50 to \$15.00. Bulk, \$14.00 to \$14.25.

Cattle receipts, 4,500. Killers slow and weak. Fat steers, \$6.00 to \$16.00. Cows and heifers, \$5.00 to \$12.50.

Calves 50 cents higher, \$1.50 to \$5.00. Stockers and feeders steady, slow. \$4.00 to \$13.00.

Sheep receipts, 9,000. Lambs steady to 50 cents lower; sheep 50 cents lower. Lambs, \$4.00 to \$13.00.

Wethers, \$4.00 to \$7.00. Ewes, \$2.00 to \$5.50.

Old Rome Has Paper Shortage.
Le Figaro of Paris has unearthed for its readers what it believes is the world's first recorded paper shortage. It quotes from the "Causeries du Lundi" where Sainte-Beuve, translating from Italy, says that under the Romans there was such a scarcity of paper in the Roman empire that it was necessary to appoint senators to regulate distribution; in other words, a congressional board of control.

Sheep Should Be Sheep.
A recently published book dealing with political and social affairs in England is called "The Sheep of Sheep" whose authors (one of whom is a prominent British statesman) are disgusted by the "sheep" and "Harmless" sheep referred to in the English and the Island Great Britain. The authors, Advocate, aroused by the huge thought of an island filled with millions, writes for a copy of "Sheep of Sheep" to a reviewer, "it being" they claim, "of exceptional interest to the people reached by our weekly."

FAR EASTERN REPUBLIC FAILS IN ATTEMPTS TO MAKE PEACE

Japanese Military Authorities Refuse to Treat, Except for on Land West of Chita

NOTE.—The following statement of the relations between the Japanese and the Far Eastern Republic of Siberia was obtained by an Associated Press correspondent in the course of a journey from Vladivostok across Siberia and Russia to Moscow and Finland.

Gave Up Railroads
"The Russians insisted upon parleying regarding the Far Eastern situation as a whole, that fighting cease on all fronts, and that the negotiations assume the aspect of an international conference instead of parleys between two military commands."

"On May 25 the parleys were interrupted because the Japanese wished to discuss the situation west of Chita only, stating that they were not authorized to do more."

"On June 2 Krasnotekoff sent a memorandum to General OI expressing surprise that the Japanese mission was not empowered to treat with the

representatives of the Far Eastern Republic recently established here. Parleys were broken off when the Russians insisted that the scope of negotiations should assume the entire Far Eastern situation, should assume an international aspect instead of parleys between military commands, and that military operations should be completely suspended while negotiations were in progress."

"Reports of the Far Eastern Republic to establish friendly relations with the Japanese even at the expense of surrender temporarily of sovereign rights to a wide belt of territory were described by Krasnotekoff as follows:

The Demands.
"Parleys between the Japanese military mission and a mission of the Far Eastern Republic were begun on day 24 at the station Gogolka, between the Japanese-Semenoff and Russian fronts, about 70 miles west of Chita. The Japanese mission, headed by Colonel Kurokawa, presented three demands, namely that the Soviet army must retreat west to Lake Baikal; that a neutral zone be established west of 100 to 150 miles in extent and containing no armed forces; that free transportation and communications be established and that the Japanese have representation in the railway management."

"The Russians replied that the Soviet army had not progressed beyond the left bank of the Selenga river southwest of Lake Baikal and that the question of their return west of Lake Baikal must be taken up by Japan with Soviet Russia."

"The Far Eastern Republic mission agreed that the railway in the Chita-Semikolovsk district be considered within the sphere of influence of the Japanese military command in Siberia."

"CORNS"
Lift Right Off Without Pain

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn. Instantly that corn stops hurting, then shortly lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

The better and more favorably a business man is known in his community the greater the value of advertising to him; for his announcements are backed by his good reputation.

You may think that long residence in the community and your reputation for the square deal are sufficient; but the fact that you are an old resident and are well known is all in your favor as an advertiser; for the people who know you and admire your sterling qualities, will believe every word you say in your advertisements, and when you announce the arrival of new goods, or that you have such and such things to sell, it puts them in mind of the fact that they need or soon will need the very articles which you are offering, and they will go to you because you have advertised the things they need and want.

The better and more favorably a business man is known in his community the greater the value of advertising to him; for his announcements are backed by his good reputation.

SAFE LACTATING

Milk Should Be a Part of the Daily Diet of All of Us

By P. G. HOLDEN.

THERE is no more important article of food, especially for growing children, than milk. It contains more of the materials necessary to health and growth than any other food.

Growing children need whole milk. Dr. E. V. McCullum of Johns Hopkins university, declares that "No family has the right to purchase meat until each member has a pint of milk daily."

Milk is high in lime content, and lime is good for bones and teeth. Besides being easily prepared, palatable and of high mineral content, milk is one of the "protective" foods. Green leaves, such as lettuce, spinach, chard and cabbage, and the yolk of egg, are the only foods which contain the protective, growth-making principle in any quantity.

Milk Cheaper Than Meat.
It is cheaper than eggs or meat, and there is no waste. No other food can take its place.

Thirty first-grade pupils in Brooklyn, Iowa, were given a pint of milk at recess periods every day from January through April. Fourteen of the 30 pupils were underweight in January, six of them being more than 7 per cent underweight.

Children Gain Weight.
At the end of the four months, the records were completed for 26 of the children. Eighteen of them gained weight; four remained the same; four lost weight. Twelve of the 14 underweight children gained weight and none was 7 per cent or more underweight. The average actual gain was two pounds per child, which was one-half pound above the average normal gain.

During April, the final month of the test, 30 pupils of the second grade were used as a check. They were not given milk at recess time, and all lost weight. Only three, or 10 per cent of the first-grade pupils, who were given milk at recess, lost weight during the same month.

We may drink milk or we may eat it with bread or crackers or with fruit or cereals or as part of milk soups, creamed dishes, cream gravy, custards, puddings, coco, cream pies, ice cream, buttermilk, cottage cheese, or cheddar cheese, but in whatever form we like it best, it should be a part of the daily diet of each of us.

G. O. P. "DECLARATION OF PRINCIPLES" IN STATE MADE

Anti-Townley Republicans Elaborate on Minot Platform in Committee Meeting

SOCIALISM IS ASSAILED

The Republican "declaration of principles" as contained in resolutions adopted by the Anti-Townley Republican state committee, which organized yesterday afternoon, reviews both national and state questions.

"The Republicans of North Dakota reaffirm their allegiance to the principles of the Republican party," is announced in the Chicago platform and pledge our support to Harding and Coolidge, the soundness of that convention. No reason exists in this campaign which will justify any Republican in failing to give our national candidates his or her loyal and united support," says the resolution.

Continuing, at the outset, the resolution, styled "suggestions for a Republican platform," says: "The guarantee of the constitution is the right to individual property and the liberty to engage in any lawful avocation and to pursue it in a legitimate manner; and all individuals and minorities irrespective of race, creed, or occupation are entitled to the rights so assured them."

Rights of Individuals

"One of the basic American principles is that the primary function of the government is to protect the individual. This means not only that the state shall protect him against monopoly and from unlawful competition by other individuals, but equally means that the state shall not further engaged in that form of state socialism under which it enters into business or creates a monopoly injuring or destroying the business of the private person or unduly lessening the incentive and the ambition, which are the birthright of every normal person, to earn his own living from the profits of any industry or profession which his talent, opportunities, tastes, aspiration lead him to engage in and lawfully conduct."

"The real issue in North Dakota's state campaign is between Americanism and anti-Americanism. All real Republicans are unambiguously opposed to socialism. We assert that the policies and principles of the socialist leaders of the Nonpartisan league as evidenced by recent amendments of the constitution, enacted to put into effect the

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and bad fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others if I can."

Mrs. R. E. DEMING, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled and normally restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

What Finished Family Service Means--

Everything That's Washable

Let's see--what shall we send to the laundry this week?

Well, there are dainty crepe de chine, georgettes, mulis, dimities, laces and gaudies -- they need washing frequently, and you couldn't wash them more lovingly or tenderly than we do.

There are silk stockings and the kiddies' rompers and baby's flannels--there's the table and bed-linen, and there are blankets and sweaters and silk underwear and frilly negligees.

There are blouses of sheer and shimmering textures with delicate pastel tintings.

All of these things and many others are washed and ironed and returned to you spick and span as part of our finished family laundry service.

Try it this week--telephone us today.

There are a good many of your last winter's garments that need cleaning, and we do that work so neat and nice that it looks just like new.

CAPITAL LAUNDRY CO.
311 Front Street, Phone 681

WOMEN HONORED IN ORGANIZING OF COMMITTEES

(Continued from Page One)

A declaration of the credentials committee, George Ross, chairman of the organization committee, and F. C. Nichols, chairman of the resolutions and platform committee. A recess was taken during which time the credentials of the delegates were considered, and two Nonpartisan delegates were chosen in the case of reported contests.

Chairman F. C. Nichols, Wells county.

Secretary Stephens Terhorst, Donnybrook, Ward county.

Treasurer C. E. Colcord, Renville county.

A roll call showed 31 members present from the 49 legislative districts, the secretary said.

The resolutions reported by the committee devoted the major portion to the praise of the Nonpartisan league administration, legislative enactments, and Governor Frazier, and also denounced pro-segregation.

The portion referring to the national candidates follows:

"We reaffirm our devotion to the principles of Abraham Lincoln and the best traditions of the Republican party in the past. We believe that these principles and traditions can be best fulfilled by the Republican party and we therefore pledge our unalterable support to Warren G. Harding for President, and Calvin Coolidge for Vice-president. We commend Warren G. Harding for his manly stand against mob violence and his favorable attitude toward co-operation in agriculture."

The chairman was authorized to name the necessary committees to carry on the campaign. Ray Craig proposed that women be given representation on the committee and the officers were authorized to put this into effect.

Short talks were made by the officers and William Lemke thanked the delegates for having elected him state chairman for two terms. He got some applause when he said he'd like to see Frazier in the White House.

Just what the state committee will do in the national campaign is uncertain. It is not expected to take any active interest in the campaign of Senator Harding, as league newspapers have been opposing Senator Harding by covert slips and Lemke's newspaper by open hostility.

Treasurer Colcord was relieved when informed that "he probably wouldn't have to handle any money. It is understood that the committee will simply act to preserve the Nonpartisan league control in the Republican party organization and the only campaign to be waged by the Nonpartisan leaders will be in the state campaign."

Dem Meeting

The Democratic state committee met Wednesday afternoon and re-elected Sveinbjorn Johnson of Grand Forks, chairman. John B. Fried of Jamestown was named as secretary, and J. Nelson Kelly of Grand Forks was elected treasurer.

Following the naming of a resolutions committee, delegation went in the hands of J. E. O'Connor, the party's candidate for governor.

The resolutions committee named by the chairman consisted of: J. E. Campbell of Mandan; R. A. Johnson of Ellendale; W. E. Berkeheim of Bismarck; Joseph Dushiet of Bismarck, and Joseph McGovern.

Women's Votes Welcomed

"There is a new element entering into the political arena this year," said J. E. T. O'Connor, in addressing the Democratic committeemen. "Do not forget that the women of North Dakota will this year and from now on will have a hand in the shaping of the state's destiny. I do not fear the vote of the women. I welcome the vote of the women. I voted for equal suffrage on each occasion that it was brought before a house of which I was a member."

"The women are not interested in the candidates nor their personal affairs or grievances, but they are interested in good government. Standing with the men, they will see that there is no class hatred engendered in this campaign, but will aid to bring back that harmony which existed before the present administration launched the state into discord."

"The women will see that the doors of the schools are opened again to real education; that those powers which have stripped from the people their

EX-PRINCESS TO WED AMERICAN?

BERLIN--Much gossip has been aroused by the report that former Princess Cecelie, divorced wife of the former German crown prince, will be married to a prominent American, and will go to America to live.

With the educational work, are restored; that text-books of radicalism, Marxism and socialism are banned from our schools."

Fight One of Principle

O'Connor declared that the campaign and fight is not a matter of individuals, but of principles. The government that drifts toward the individualistic idea is drifting in the wrong direction. People here have been turning their backs to a representative and constitutional government.

"I believe I know the thoughts and the desires of the people, those engaged in North Dakota's great industry, agriculture. My father was one of the earliest settlers in Grand Forks county. He died when I was nine years old and left 800 acres, to seven children and a \$10,000 mortgage. I know of my own experience something of the men who till the soil, their aspirations and their hopes and I feel we can represent them."

I believe that North Dakota has enough big men within its borders to conduct its business; men who can come to these state offices and sit in the house and senate and owing no allegiance to any man, but owing allegiance only to God, their people and their conscience, can vote and do as their consciences tell them.

Resolutions Adopted

The platform resolutions adopted by the Democratic state committee, besides endorsing the national Democratic platform and candidates, touched on the following points: (1) The condemnation of the stripping of the superintendent of public instruction of the power to appoint and dismiss teachers. (2) The repeal of the law which allows the state to take over the schools of the state and the attempt to fill them with socialists and radical literature was condemned. (3) The restoration of all power to the head of the educational system was urged. (4) Because agriculture is the basis of the state the state should protect and encourage it. (5) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (6) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (7) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (8) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (9) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (10) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (11) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (12) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (13) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (14) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (15) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. (16) The state should encourage the farmer to produce and sell his products in the state and not in the hands of middlemen. HUNTING THE "LOST CHORD"

CHICAGO--In this picture the kiddies of the Children's Quintet are hunting the "Lost Chord"--to the delight of hundreds of tots at the weekly matinee of the Children's Grand Theater at the Chicago Stockpile pier. But this quintet of kiddies can really sing as well as be funny. Left to right--Jean Storckfish, Katherine Adams, Thomas Shorack, Edna Storckfish, and Virginia Keller. They form one of the most popular features of the matinee.

STOLL AUTO BED and TENT

We have these beds in stock for immediate delivery. Just the thing for camping and that hunting trip you are planning on.

Call and see them on display in our Show Room.

THE STATE'S OLDEST NEWSPAPER
(Established 1878)

KEEPING UP THE FIGHT

Independent Republicans and Democrats who gathered in Bismarck for the various state committee meetings reaffirmed their opposition to the Townley regime and expressed determination to carry on a vigorous campaign in behalf of the fusion ticket. They could do no less and remain true to the best traditions of representative government and the general cause of Americanism.

The platform adopted by the Republicans who refused to follow the Lemke-Townley leadership is practically the same as was adopted at the Minot convention. It voices principles which were emphatically endorsed by the voters at the June primary when Townley's red flag measure and other un-American legislation were snowed under.

There is no doubt where the voters of the state stand as regards Mr. Townley's principles when the results of the primary election are studied closely. If the fusion ticket can secure the strength shown by Miss Minnie Nielson, William Langer and J. F. T. O'Connor, success is assured.

It is going to be a hard fight to redeem the state and restore the principles of constitutional government. Mr. Langer led a valiant fight in June and despite his defeat, he has advanced the cause materially. The work done by him should have its effect in the November elections.

Mr. O'Connor has delivered only a few addresses, but he has impressed the people with his sincerity. He is a powerful speaker and if he continues to discuss the issues free from personalities, he should win many votes for the cause. His chief object now is to impress upon the voters the absolute absurdity of much of the so-called industrial program and to drive home the truth about the chosen leaders of the soviet movement.

There must be no abatement of effort. The wedge driven into the soviet front at the June primaries should gain fresh momentum until victory is won.

The full enfranchisement of the women brings fresh courage to the anti-Townley forces. Miss Minnie Nielson's vote is an indication of their attitude toward the soviet regime. She was one of the major issues in the last campaign. Townley and his political henchmen singled her out for special attacks. The women and men who believe in a square deal rallied to her support in the primaries. Her vote is typical of the feeling among the women. With proper organization this vote can be held for the fusion ticket and even increased by the women who will participate in a general election for the first time this fall.

The world cannot be all wrong as long as there's huckleberry pie.

ARMIES OF LABOR.

Conscription of labor is now openly admitted by the Bolshevik government at Petrograd.

It is defended by the Lenin-Trotsky regime on the ground that Russia needs every ounce of brawn in the country.

At first the Soviet government pretended that the alleged conscription was nothing other than the voluntary agreement of labor to conscript itself.

Neutral investigators who have come out of Russia denied this, and charged the Soviet leaders with actual enslavement of workers.

Just recently the international labor office of the League of Nations accused the Bolshevik authorities of putting human labor under an iron military discipline.

"We must create armies of labor," declares Lenin.

But why "armies?" Why conscript workers? Why put them into chain gangs to make them work? How can Bolshevism explain that? Wasn't it once the Bolshevik theory that, decapitate capitalism, take away private property, and every person will be willing—yes, eager—to work? Lenin and Trotsky once spoke volumes in contention of that theory. American Bolsheviks argued thusly.

So it was that a part of Russia destroyed the system so ardently disliked by Lenin. Capital was reduced to the ranks. Private property and individual profits were outlawed. The dictatorship of the proletariat came into actual being.

What result?

Conscription of workers!

Labor armies controlled by the ring-leaders of Bolshevism.

Ten and twelve-hour days.

Less production than ever in Russia's history.

Less food and less clothing for all workers, excepting among those nearest Lenin and Trotsky. Less happiness and more misery throughout Russia.

ELEVATOR ETIQUET

A woman in an Ohio city has asked the newspapers to help her find the young man who took off his hat when she entered the elevator of an office building.

He was one of nine men in the elevator. The others kept their hats on, shamelessly refusing to follow the courtly example he set.

She wants his name and address published to the world, thinking thus to confer upon him such honor and glory that others of his sex will thereafter seek to emulate him when they ride on elevators in which women also are passengers.

Men have observed a mixed etiquette as to elevators. All hats come off in deference and devotion when a woman enters an elevator in a hotel. But when a man takes his hat off to a woman in an office building elevator, all other men present regard him as one who is attempting to show off at their expense.

Is there any man who can explain wherein lies the social difference between a woman in a hotel elevator and the same woman in the elevator of an office building?

However, an old-fashioned beau years ago disposed of all such questions of etiquette with this general observation: "A gentleman instinctively always does the respectful thing in the presence of women. He never questions."

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinions of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

NOW YOU SEE IT, NOW YOU DON'T.

In the test tube Samuel Gompers' long-since-proclaimed doctrine that the American Federation of Labor should not get into partisan politics shows a big precipitation of camouflage.

There has not been any doubt for years that Mr. Gompers is a Democrat. There is just as little doubt about that, being a Democrat, he has the common human weakness of minimizing the frailties of his own party and its candidates and of magnifying those of the other side.

Being a Democrat, it was to be expected that Mr. Gompers would use his best endeavors, personal and official, to elect Mr. Cox to the presidency. That is precisely what he and his associate head officers of the federation are now doing. They are electioneering for the Democratic candidate. Nobody questions their right to prefer Mr. Cox, however much their judgment may be disparaged, but a perfectly sincere exposition of their purpose demands that they put the soft pedal on their protestations about keeping out of partisan politics.

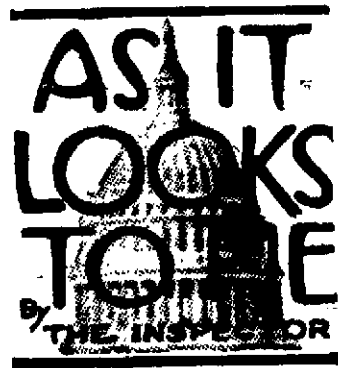

Mr. Gompers is one of those who believe it was wrong to make prohibition extend to beers and light wines. If recollection serves well, he admonished the President and others that the kind of prohibition we now have would be likely to bring about a serious situation in American industrial circles. Can it be that this is one of the reasons why Mr. Gompers and his associates of the American Federation of Labor have declared officially that "Governor Cox has shown himself possessed of a fuller understanding of the needs of the working people?"—Minneapolis Tribune.

IT'S THEIR FIGHT.

The fight between former associates in the management of the Nonpartisan league and associated enterprises is of interest to the people of the state only as it tends to place them in possession of information concerning the corrupt methods which have undoubtedly been used in the management of the affairs of the state, and as it tends to reveal more clearly the real character of men whom they have been taught to trust and honor. Whether or not Waters collects \$5,000 from Townley; whether or not Lemke and Townley, who are no more closely associated than these two have been with Waters and Brinton, shall part company as these others have done; whether any two of the group shall prove their charges against the others; or whether in their mutual recriminations all four shall stand convicted; all these things are of minor interest to the general public of the state, and especially to those who have been active in the prosecution of the independent campaign.

The point in the whole situation is that there has been rottenness in the league inner circle, and that this has affected the entire government of the state in so far as the state government is identical with, or subservient to the management of the league. Waters and Brinton make certain definite charges against Townley and Lemke. The latter respond by making other charges against their accusers. If Waters and Brinton are the sort of men that Townley and Lemke say they are, the latter are guilty for associating in terms of business and political intimacy with such men, knowing their characters as they have done all along. If Waters and Brinton are telling the truth they convict themselves of willing co-operation with a pair of conscienceless crooks. Either way or any way all four are impaled on their own poinards and either way or any way the most sweeping charges that have ever been made against the league management are more than substantiated by the chief conspirators themselves.—Grand Forks Herald.

NOT INTERESTED

Washington, Sept. 2.—Is Washington worried over the possibility of change in the administration? Not so you could notice it. Washington business men rather like the idea of a change. Why? Let one of them elucidate.

"A new crowd," he explained, "brings a bunch of new money into the town. Men getting into government jobs spend more freely the first few months than after they've been here a few years. The old-timers have to sell what real estate they hold; new-comers are buying. That means more commissions for real estate firms. More business for decorators, movers, furnishers."

"Business perks up right smart just after an army of new government officials begin coming to town."

Washingtonians who live on the Virginia side of the Potomac may play the wheels of chance all they please. This is according to law. Virginians law. They just learned about it.

At Dayton, Va., a carnival centered around wheels of fortune. Citizens protested. Attorney general looked up the law on the subject; found the last Legislature has enacted a law permitting gambling at carnivals.

The old battleship Indiana is to be sacrificed to the cause of naval efficiency. Squadrons of naval seaplanes will drop bombs on the once terror of the seas. Each bomb will carry 1000 pounds of TNT. If it leaves any remnants of the warship the Atlantic fleet will use the bulk as a floating target.

Graduates of the new "plebe" class at West Point will come from the ranks of the army. Sixty former privates have been appointed, the largest number ever taken into the academy from the ranks of the army.

War Department announces that any high school graduate will be eligible for admission to West Point after one year of service.

FAIRBANKS' PICTURE HIS BEST

It is reasonable to judge a picture's success by the attendance it draws. "The Mollycoddle," Douglas Fairbanks' latest production for United Artists Corporation, which is at the Eltinge theatre is destined to qualify as a sensation. People in droves awaited entrance to see the production after the first performance and from advices from other

The joy of Motherhood explains why - MOTHER'S FRIEND

Is a veritable balm for the nerves; an intensely penetrating application that softens the muscles, relaxes nervous tension of the delicate organism involved in maternity, and prepares the way for an easier, quicker and more practical delivery. Such reflects so markedly upon the unborn child. Mother's Friend is used externally.

At all Druggists.

Special Buckler on Motherhood and Baby Free Breast-Milk Regulator Co., Dept. F-8 Atlanta, Ga.

communities, similar conditions prevail.

The production is typical of Fairbanks. The star does the things he knows by past experience that he is most successful in doing. His smile is ever there. His theme has real worth. The story is the type that has pleased in the past and the spirit of the whole thing is the wholesome Fairbanks spirit.

The production is unusual chiefly by reason of the huge outlay of fun that has accompanied its making. There are countless sets, every one of them involving a great expenditure of money and made with a careful regard to detail. There are exceptional exterior scenes. There is excellent photography, masterly cutting and a resulting continuity that prevents the least momentary drop in interest.

HEALTH ADVICE

BY UNCLE SAM, M. D.

The First Sanitary Code.

The first Every well administered city nowadays pays considerable attention to the health of the people. In fact, it is thoroughly understood to be necessary that people take it as a matter of course that there are sanitary laws and regulations. In most cities and states such laws are definitely arranged in the form of a Sanitary Code.

The development of modern sanitary methods is of comparatively recent date. Most of it dates back less than 75 years ago. The Constitution of the United States makes no mention whatsoever of the present time.

Yet with all this, the fact remains that a well developed Sanitary Code constitutes one of our most ancient documents, one which is furthermore remarkable for the applicability of many of its provisions to present day conditions. I refer, of course, to the Mosaic laws as they are recorded in the Bible. Turn to the book of Leviticus and read chapter fifteen, verses 2 to 12, and to Deuteronomy and read chapter twenty-three, verses 12 to 13.

Written thousands of years before anything was known about germ diseases, it is remarkable to observe

the emphasis laid on discharges as vehicles of infection, and on bathing, airing, and isolation as means of guarding against the transmission of disease.

The method of disposing of human excreta advised by the Mosaic code is still recognized as an efficient and sanitary means of disposal, and in connection with modern plumbing systems is much used under the term "disposal by subsoil drainage." And as for the rules regarding discharges uncleanness, bathing and isolation they can be followed profitably even today.

Q. Will you please give me information concerning the climates of southern or western states which would be most beneficial to rheumatism.

A. The relation of climate to rheumatism is still very obscure. In fact, in many forms of rheumatism there is probably no specific relation to climate whatever. In addition to this the term rheumatism is so loosely used and is applied to so many different conditions that no specific recommendation can be made.

JUST JOKING

A Neat Worker

"Father please let me marry Jim. He's so neat. Why, when he was in France he got two medals for cleaning out dugout and mopping up."—American Legion Weekly.

A Scout Is Thrifty

Question: What do you do with your shoes when you wear them out? Answer: I wear them back in the house again. Boys' Life.

A Mean Man

"Would you mind telling me what the upkeep of your limousine amounts to?"

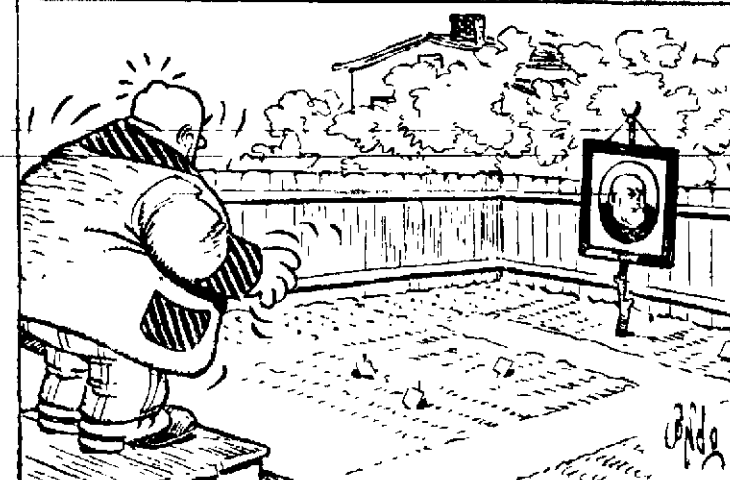

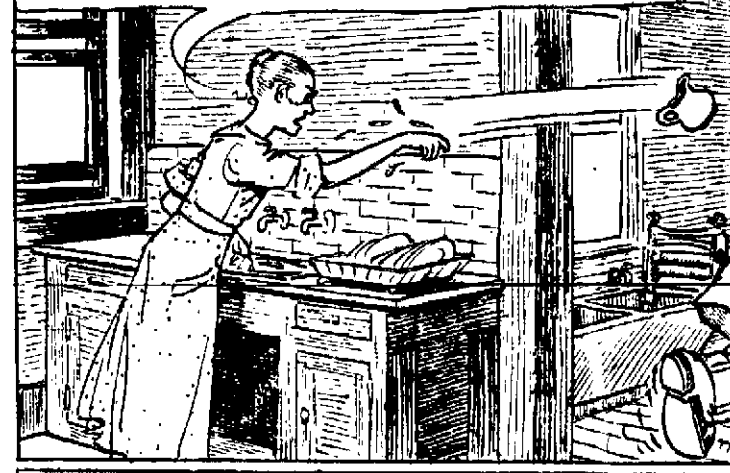

"Certainly not," replied the prosperous citizen. "But may I ask you why you want to know?"

"My wife's been after me to buy a flivver and I'm going to argue against it on a limousine basis."—Birmingham Age-Herald.

"RUSH UP!! EVERYTHING YOU DO IS ABOUT ALL RIGHT, INCLUDING THE SCARE CROW YOU MADE FOR THE GARDEN - THE BIRDS EVEN ROOSTED ON IT!! BUT I MADE A REAL ONE TODAY, SO BLOW OUT THERE AND COUNT THE BIRDS YOU CAN SEE ON THE JOB!!"

CHINESE 'GODDESS OF MERCY'

Legend Popular in the Yellow Land Because It Illustrates Quality of Filial Piety.

The Chinese tell an interesting story relating to their "Goddess of Mercy," who was the third daughter of the king Miao Tsong. Her two elder sisters were married early, and when her turn came the third refused to marry, having already given up the temporal pleasures and devoted her entire devotion to preparation for the next life. The king then sent his daughter to the temple, where she was asked to draw water and cook dinner for 300 monks. But this seemed to be an easy task, for when she went to cook, she found everything ready for her, a dragon being sent from heaven to help her.

The king was angered and ordered the temple to be burned but the princess spurt blood into heaven and a new temple fell down to earth. This angered the king still more and he ordered his daughter killed and that her body be eaten by the tigers. As time went on, the king was afflicted with leprosy, none of the doctors being able to cure him. A beggar monk later came and told the king he could cure him. Upon being given a trial the monk said that the disease could only be cured by the ash of the burned hand and eye of a person who was on a certain mountain.

When the desired hand and eye was finally found, the queen recognized them as her daughter's. The king was cured by the ashes of this hand and eye, which made the people honor the name of the princess as the "Goddess of Mercy," for her untold sufferings and her filial piety to her cruel father.

ARMORED CARS IN HOLY CITY

Sir Herbert Samuel, High Commissioner, Enters Jerusalem With Guard.

Constantinople.—Dispatches from Jerusalem received here assert that when Sir Herbert Samuel, high commissioner in Palestine, entered Jerusalem June 30, he was escorted by eight armored cars bearing machine guns. The dispatches add that the streets were cleared to prevent a demonstration in opposition to the establishment of the Jewish National home.

According to dispatches there are many evidences that the Arabs are prepared to offer armed opposition to the French in Syria.

It is reported that the French landed 12,000 troops at Alexandria on June 30, half of whom, it is alleged, are destined for Adana in an effort to relieve the Cilician situation, which is said to be daily growing worse.

"Flapper" Give Up Seat, Say Women of London

London.—"You may have my seat, sir," is what the "flapper" should say when she finds a tired, overworked business man standing near her in a London tram or bus. This revolution in feminine deportment is suggested not by the men but by Englishwomen who object to their husbands' surrendering seats in public conveyances to girls and women returning home after frivolous errands.

Saves Babe in a Cistern.

Corydon, Ind.—When Roy Brown plunged into a cistern he didn't know whether he would ever come out or not. He was passing the house of William H. Lahue, when Jean Potter, age 2 years, daughter of Milton Potter, fell into the cistern, which held fifteen feet of water. Neighbors came to Brown's assistance and threw him a rope. He couldn't hold on with one hand, but used his teeth and was finally pulled to safety. The baby is none the worse for her experience.

Weather-Lore Not All Fake.

The vagaries of the mythical "weather clerk" are not, in the opinion of D. W. Homer, writing in Meteorology, so undependable as is generally supposed. He maintains that the following rules are founded on facts although he withholds the main facts—to which part of the world do they apply: "If rain commences before daylight, it will hold up before 8 a. m.; if it begins about noon, it will continue through the afternoon; if it commences after 9 p. m., it will rain the next day; if it clears off in the night it will rain the next day; if the wind is from the northwest or southwest, the storm will be short; if from the northeast, it will be a hard one; if from the northwest, a cold one; if from the southwest, a warm one. If it ceases after 12 m., it will rain next day; if it ceases before 12 m., it will be clear next day. If it begins about 5 p. m., it will rain through the night. If raining between 8 and 9 a. m., it will go on till noon, and if not then ceasing will go on till evening."

Mental Atmosphere.

Take time to study your own tastes, your own desires, and find out what you really react to pleasantly, and why; then by the simple process of selection and elimination you can gradually evolve the right atmosphere for your present condition. It will change as your mental life changes. But do not try to impose the results of your experiments on someone else. For what might rest and inspire you, with your individual interests and ambitions, might irritate someone else beyond endurance. Because of the large part that previous association plays in the interpretation of any sense stimulus in any attempt to create a "mental atmosphere" with natural objects such individual becomes a law unto himself. "Know thyself."—Exchange.

News of Sport World

EVENTS AND GOSSIP FOR THE FANS

BOOSTER SALE IS GOING GOOD; FANS ARE LOYAL

The booster sale of booster tickets to boosters for baseball is going on at a lively pace.

Fans who volunteered to sell the tickets for Sunday's game here with Wilton at \$1.00 each have sold at least 400 tickets to date, no accurate check having been made yet. The ticket sellers hope to boost the ticket sale to 1,000 or 1,500 by Saturday night.

Every ticket sold means a step toward the successful closing of the present season and an auspicious opening for next year.

Members of the baseball are rather keen about the trip to Clinton Friday evening. After the ball game there will be a big supper and dance in the town.

"Christy" Christenson, who returned to Bismarck to pitch one Valley City game for the local club, has accepted a position here with the Carpenter Lumber company, and probably will be with the team Friday.

Rain Stops Game

St. Paul, Sept. 2.—Rain stopped the St. Paul-Milwaukee game with two out and a Milwaukee runner on first in the seventh inning, neither team having scored. Northrop had permitted only one St. Paul batsman to reach first base, and had formed eight. Sox hit had granted three scattered singles, and only one visitor had reached second base.

Score: R. H. E.
Milwaukee.....000 000—0 3 0
St. Paul.....000 000—0 1 1
Batteries: Northrop and Hun; Merritt and McMenamy.

Russell Beaten by K. C.

Minneapolis, Sept. 2.—Russell pitched for Minneapolis, coming in from the outfield but had formed eight. Sox batter was not able to hold the Kansas City batters, Kansas City winning 5 to 4. Brief hit another home run.

Score: R. H. E.
Kansas City.....001 102 010—5 9 1
Minneapolis.....001 100 002—4 16 1
Batteries: Ames and Brock; Russell and Mayer.

Dunforth Gets Four Hits

Columbus, Sept. 2.—Receiving perfect support, Dunforth blanked Toledo with only four hits and permitted only one visitor to reach third base.

Score: R. H. E.
Toledo.....000 000 000—0 4 3
Columbus.....100 110 014—7 4 0
Batteries: Okrie, Nelson and Woodall; Dunforth and Kelly.

Indianapolis Blanked

Indianapolis, Sept. 2.—Superior pitching by Wright in the pinches enabled Louisville to defeat Indianapolis 3 to 0.

Score: R. H. E.
Louisville.....200 000 100—3 12 0
Indianapolis.....000 000 000—0 8 3
Batteries: Wright and Myer; Rogge and Redlin.

NATIONAL LEAGUE

Reds Take Lead

Cincinnati, Sept. 2.—The champions won from the Braves 6 to 3. Scott was hit freely. Fisher was effective until the eighth. Fisher was effective walk with no one out caused him to be relieved by Luque who got the six men who faced him in order. The victory advanced the Reds to first place by a narrow margin of two points.

Score: R. H. E.
Boston.....000 010 020—3 7 0
Cincinnati.....100 103 014—6 9 2
Batteries: Scott and O'Neill; Fisher, Luque and Wingo.

QUIT TOBACCO

So Easy to Drop Cigarette, Cigar, or Chewing Habit

All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-Bac is made by the owners of "Cassidy's," therefore is thoroughly reliable.

GIRL OF 15 IS RIFLE CHAMP

MARJORIE KINDER

CAMP PERRY, Ohio—How's this for youthful accuracy?

Marjorie K. Kinder, 15-year-old high school girl of Bridgeport, hit a target 481 times out of 500, winning the title in the American Home Ranger Record match, and in the Camp Perry shoot she was with the topnotchers all the way. She's the youngest person who ever held the national indoor championship.

In the 50-yard prone match she scored 91 out of 100, while in the 100-yard range she rang up 95 out of 100 shots.

Pirates Beat Giants

Pittsburgh, Sept. 2.—Pittsburgh defeated New York yesterday, 4 to 3. The visitors scored all their runs in the fourth inning on four hits.

Score: R. H. E.
New York.....000 300 004—3 11 1
Pittsburgh.....100 020 004—4 10 0
Batteries: Benton, Toney and Snyder; Copper and Haefner.

Indians Hold Lead

Washington, Sept. 2.—Cleveland was able to conclude its eastern invasion in first place by defeating Washington 9 to 5, while Chicago lost to Boston. The visitors out-hit Washington, two to one.

Score: R. H. E.
Cleveland.....241 120 000—9 14 1
Washington.....319 000 100—5 7 2

"BUCK" IS GOING GOOD FOR SOX

Sweetens "Sugar" Ball Club Which Is Making Great Bid Again for the American League Pennant

"Buck" Weaver

BY DEAN SAYDER

"Buck" Weaver hits a great "Buck" home run. He's different somehow. There's a little swagger of confidence about his workmanship that is catching. When he comes to the bat there is

an odd smile on his face. The kind that comes the pitcher to hang his repertoire or any part of it over the corners of the pitcher.

While other members of the White Sox team may not have had the pennant, subconsciously hope that they

recently took the Ben Johnson hit in their teeth. "Buck" has been playing that kind of ball all year.

Dare Stuff

There is something of the horn leader in the pale horse third sacker. Whether in the field or at the bat he's

ner. Two runs came in. Had business, said Moran.

HIRE SLUGGER JOE.

Chicago Slugger Joe Jackson has signed a new contract. It's not with the Cubs, but with St. Petersburg (Fla.) winter baseball promoters. Joe will manage a club there this winter.

BULLDOGS PREPARE.

Canton Jim Thorpe, who made Canton the hotbed of professional football, has his Bulldogs about in line. Gregg of Texas, will return as quarterback. He's a dabr.

MOSTLY IRON.

Wichita Falls, Tex.—James Zinn is being called the Iron Man since he pitched a no-hit no-run game against Houston recently in the first end of a double-header and then allowed but three bingles in the second.

AN ODD ONE.

Cincinnati Hank O'Day applied the whisk broom to the rubber in a game here the other day between the Reds and the Phils. Moran claimed the Philly pitcher wasn't toting the rubber.

STRINGENT LAW TO HALT BETTING ON GAMES, PLAN

San Francisco, Sept. 2.—Betting on baseball will be a felony in California if the next legislature enacts into law a bill to be presented by officials of the Pacific Coast league. The bill was drawn up following recent charges of wholesale gambling and bribery of players in the league.

The tentative draft of the bill follows:

"Bet or Bookmaking on Baseball Games.—Every person who lays, makes, offers or accepts any bet or bets, or wagers upon the result of purported result of any baseball game or purported baseball games between baseball teams.

"2.—Who lays, makes, offers or accepts any bet or bets or wagers upon the result of any play or purported play of any baseball player or players in a baseball game.

"3.—Who, whether for gain, hire, reward or gratuitously or otherwise receives, holds, or forwards in any manner whatsoever any money, thing of consideration of value or the equivalent thereof or memorandum thereof, staked, pledged, bet or wagered for the purpose of being staked, pledged, bet or wagered upon the result of any play or plays between baseball players in a baseball game or games is punishable by imprisonment in the state prison not exceeding five years or in the county jail not exceeding five months."

CUT THIS OUT—IT IS WORTH MONEY

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2335 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a whole-some and thoroughly cleansing cathartic for constipation, biliousness, headache, and sluggish bowels.

One of the big hotels in New York City pays out more than \$8,000 a year for its supply of toilet soap.

SPORT TIPS

GOSH THEY TRAVEL.

St. Paul—Fans in St. Paul have learned to say those sweet words, "Won again," so often that they've quit reading box scores. The saints are away to the good in a one-sided race.

DISOBEYED ORDERS

Cincinnati—Pat Duncan has showed a disobedient strain lately. Moran sent him in to punt. Duncan tried it twice and failed. The third time he sniped out a three-bag.

CAPT. STREETER SERVES NOTICE OF NEW ATTACK ON "STREETERVILLE"

Ask Legion to Help in Attack on Chicago Skyscraper District; Old Fight Opened

Chicago, Ill., Sept. 2.—"Streeterville," in the "desert" of Lake Michigan, a part of Chicago's famous "Gold Coast," is about to be the scene of the thousand and first battle in its history, according to notice served on United States Marshal Bradley by Captain George Wellington Streeter, 80-year-old claimant to a \$50,000,000 portion of the exclusive Lake Shore Drive section.

Some Hiring.

When it comes to a pinch in the field or at the bat, this hiring of Ed Gleason, is there like salt and pepper.

The White Sox are very much on the up-and-up now. They are following four pitchers—Cicotte, Faber, Williams and "Cur"—to another world series alley. Last year they finished the race on a two-cylinder, 14-hp. tank.

Pennant Alley.

Since the fatal accident to Ray Chapman the Indians haven't been the same outfit. Speaker's absence from the line-up made a glaring difference. There seems to be no question but that Cleveland players have been following Spoke's leadership all year. As Tris plays so the Indians play.

Fort Attacked.

On one occasion 500 police besieged Streeterville. "General" Streeter proclaimed himself military governor of the district of Lake Michigan, and with 50 men of his "escort" erected breastworks surmounted by barbed wire and stood off the police for several days, before desertions in the ranks so weakened the defending force that a lone policeman finally executed a flank attack and carried the fort.

SANDWICH MEN IN FIGHT ON H. C. OF L.

New York, Sept. 2.—Old-fashioned sandwichmen publicity has been chosen by Dr. Robert Grimshaw, efficiency engineer and faculty member of New York university, for an attack on the high cost of groceries in the Washington Heights section of this city.

Dr. Grimshaw served notice that grocers would have to cut their prices or hear from him. Quotations remaining virtually unchanged, the doctor's bill-boarded sandwich men paraded throughout Washington Heights' main thoroughfares and market sections heralding the wholesale prices for garden truck showing a wide margin below retail costs.

Washington Heights' housewives generally have noted the Grimshaw sandwich men and their message and everybody is talking about it.

Dare Stuff

There is something of the horn leader in the pale horse third sacker. Whether in the field or at the bat he's

CROP SUMMARY

Weather and crop summary for the week ending August 31, 1920.

Washington, D. C., Sept. 1.—Seasonable to rather cool weather prevailed over most sections east of the Rocky Mountains, but it was very hot during the first part of the week over the northwestern Great Plains, and generally rather heavy in parts of the South. Sunshine was deficient in many eastern districts.

Corn made mostly satisfactory progress and was materially benefited by rain over the Northwestern States. Higher temperature and more sunshine is badly needed to hasten maturity. The progress of the crop was mostly satisfactory in Iowa, but the condition is below normal. The weather favorably affected the crop in Missouri and fairly good progress was reported over the Great Plains States and the Ohio Valley.

The grain harvest is nearing completion and threshing made satisfactory advancement where not completed, except for a few temporary delays on account of rain. There was some further damage to grain in shock in Eastern localities.

The weather was favorable for buckwheat over the Lake Region and the Northwestern States, while potatoes and truck crops are mostly doing well. Pastures and ranges continued generally in satisfactory condition, although rain is needed in parts of the Southwest and the Northern Great Plains. Fall plowing made satisfactory progress with favorable soil condition.

Fort Attacked.

On one occasion 500 police besieged Streeterville. "General" Streeter proclaimed himself military governor of the district of Lake Michigan, and with 50 men of his "escort" erected breastworks surmounted by barbed wire and stood off the police for several days, before desertions in the ranks so weakened the defending force that a lone policeman finally executed a flank attack and carried the fort.

Courts Decide Against "Cap"

The site of the "desert" is now covered by more than a dozen skyscraper apartment buildings and hotels. The land is valued at \$500,000. Many of the present owners have purchased deeds from Streeter as well as

Warning

If you are losing your hair, or are bald, or have dandruff, don't apply anything that will dry the scalp (as most lotions and shampoos do), but use the famous hair growth stimulant—Kotex—which contains penicillin hair oil and other potent ingredients. Now that your attention is

Arrested

For the first time in the history of the world, a man was arrested for being too clean. He was using too much soap. The police were called to his door because he was too clean. The man was arrested for being too clean.
